

Worksheet — Natural Resources

UT pattern: objective (tap to self-check), short answers, long answers, and a passage. Try before peeking at the key.

Objective (1 mark each)

Q1 • MCQ**[1]**

Which of the following is a **non-renewable** resource?

- (a) Solar energy (b) Wind (c) Iron ore (d) Flowing water

Q2 • MCQ**[1]**

What is meant by **Stock of Resources**?

- (a) Money spent on resources (b) Resources in use (c) Total available resources
(d) Wasted resources

Q3 • MATCH THE FOLLOWING**[1]**

Match Column A with Column B.

1. Exclusive right over an invention 2. India's first 100% organic state
A. Sikkim B. Patent

- (a) 1-B, 2-A (b) 1-A, 2-B (c) 1-B, 2-B (d) 1-A, 2-A

Q4 • FILL IN THE BLANK**[1]**

_____ is what makes an object or substance a resource.

Q5 • FILL IN THE BLANK**[1]**

_____ means the exclusive right over any idea or invention.

Q6 · FILL IN THE BLANK

[1]

In 2016, _____ became India's first fully organic state.

Q7 · ASSERTION-REASON

[1]

Assertion (A): A renewable resource can become non-renewable.

Reason (R): If it is used faster than Nature can restore and regenerate it, its stock gets depleted.

- (a) Both A and R are correct and R is the correct explanation of A
(b) Both A and R are correct but R is not the correct explanation of A
(c) A is correct but R is wrong (d) A is wrong but R is correct

Q8 · CHOOSE THE CORRECT STATEMENT

[1]

Which statement about the "natural resource curse" is correct?

- (a) Resource-rich countries are always wealthy
(b) Having abundant resources does not guarantee economic prosperity
(c) India suffered badly from the resource curse (d) The curse only affects renewable resources

Q9 · MCQ

[1]

For an entity in Nature to be called a **resource**, it must be technologically accessible, economically feasible and ____.

- (a) government-owned (b) culturally acceptable (c) imported (d) man-made

Q10 · FILL IN THE BLANK

[1]

India and _____ launched the International Solar Alliance in 2015.

Short Answer (2 marks each)

Q11

[2]

When does an element of Nature become a "resource"? State the three conditions.

Q12

[1+1=2]

Differentiate between renewable and non-renewable resources with one example each.

Q13

[1+1=2]

What are "ecosystem services"? Give one example.

Long Answer (3 marks each)

Q14

[3]

Explain the principles of Sustainable Development.

Q15

[3]

What is the "natural resource curse"? How has India managed to avoid it?

Q16

[3]

Name three ecosystem functions that serve humans, and explain why uneven distribution of resources can lead to conflict.

Very Long Answer (5 marks · internal choice)

Q17

[5]

Describe the Punjab groundwater crisis. What caused it and what does it teach us about sustainability?

OR

How are traditional materials and methods being combined with modern technology to make cement-based construction more sustainable? Give the case of cement.

Passage-Based (Q18)

Q18 · READ & ANSWER

[1+1+1=3]

"Nature does not pay attention to political boundaries. This leads to tensions regarding the sharing of natural resources across states as well as countries. One example is the sharing of Kaveri River water among Karnataka, Tamil Nadu, Kerala and Puducherry."

- (i) Why do shared rivers cause tension between states?
- (ii) Name the states that share the Kaveri river.
- (iii) What is needed to maintain peace and fair sharing?
